

About B.Voc.- Retail and Logistics Management Programme

With a focus on raising employability of graduates and meeting the industry's requirement for ready-to-work students, B.Voc- Retail and Logistics Management programme provides various options to students with vertical mobility from short term certificate courses to full-fledged degree.

With the tremendous growth of the economy, retail management has emerged as one of the fastest growing careers in India. The enormous expansion of the sector has thrown up a big demand for skilled professionals in the field.

This programme helps students to acquire adequate skills, make them work ready, enhance employability of graduates, and thus make them part of global workforce. The curriculum of the programme offers a unique blend of vocational and business management concepts. Field visits, internships, guest lecturers from industry experts, experimental learning are some of the highlights of this programme.
