OFFICE OF THE PROVOST

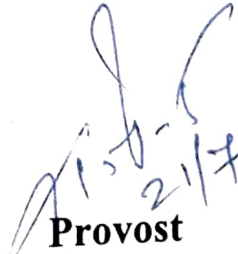

NOTICE

It has been observed that despite the availability of separate mess facilities in each of the three Boys' Hostels of the Central University of Haryana, a considerable number of students are availing meals in a single hostel mess. This has resulted in overcrowding, inconvenience to students, and operational difficulties in the smooth functioning of the mess.

In this regard, all resident students are hereby directed to avail mess facilities only in the mess attached to the hostel in which they have been officially accommodated. Students shall not take meals in any other hostel mess without prior written permission from the Hostel Administration.

All students are advised to adhere to this instruction with immediate effect to ensure equitable distribution of students among the hostel messes and the efficient functioning of all mess facilities.

Non-compliance with the above instructions shall be viewed seriously and appropriate action will be taken.
